— ABOUT THIS PROGRAMME

Become an independent fertility clinician

A six-month fellowship that takes qualified gynaecologists from theory to confident, supervised practice — clinical evaluation, stimulation, OPU and transfer, plus the andrology and embryology lab craft behind good outcomes.

— WHY TRAIN AT INDIA IVF

-  **Hands-on, not just watching**
You perform and assist under senior supervision, as the course allows.
-  **High-volume exposure**
Rotate across a busy, accredited network to build real clinical judgement.
-  **Protocol-driven practice**
Standardised protocols aligned to ICMR / ART guidelines you can replicate.
-  **Small batches**
Limited seats mean direct faculty attention and real microscope time.

— CURRICULUM

What you will learn

BY THE END, YOU WILL BE ABLE TO

- ✓ Evaluate & work up fertility problems
